

Full-time Visiting Lecturer Positions at Georgia State University

Georgia State University Department of Physics and Astronomy seeks to fill one or two limited-term, full-time, non-tenure track positions to teach introductory physics courses beginning Fall 2021. The initial appointment is for one year but may be renewed for one additional year. A Ph.D. in Physics or related discipline is required by August 2021. The department seeks individuals with a commitment to quality undergraduate education and effective teaching. Preference will be given to those with appropriate teaching experience and knowledge of best practices in physics education. To apply please send 1) curriculum vitae, 2) a statement of teaching philosophy and experience, 3) a statement of experience and commitment to teaching a diverse student body effectively, including fostering diversity and inclusion, and 4) contact information for at least three professional references. All materials should be submitted in a single PDF file via email to the search committee chair, Dr. Brian Thoms, at bthoms@gsu.edu. Position will remain open until filled. Georgia State University, located in downtown Atlanta, is a majority-minority institution serving a very diverse student body. The Department of Physics & Astronomy is committed to increasing the diversity of its faculty and strongly encourages applications from individuals in under-represented groups. An offer of employment is conditional upon background verification. Georgia State University is an AA/EEO institution.
